- Nguyễn Phát Đạt + Phạm Trần Tuấn Tú
  - Completed tasks
    - Role assignment
    - Team building and set up working space
  - To-Do tasks
    - Learning Back-end programming languages such as Javascripts.
    - Learning how to use Firebase.
  - Issues/Obstacles
    - Difficult to master many programming languages in a short period of time.
    - Lack of knowledge, experiences, skills.

Summary of the meeting:

- Both subgroups need to address these challenges effectively, perhaps by providing additional resources and support to enhance their learning and skills development.
- Regular progress updates and ongoing communication between team members are essential to ensure successful project completion.
